Egg Donation History

Why do you want to become an egg donor?

I want to give back a part of me while I am still able to do it. Giving that opportunity to a family in need would be amazing. And it would also have a beneficial money compensation while studying.

If you could send a message to the Intended Parents. What would you say?

Hi, I know we don't know each other just yet, but I am about to give you, the most precious gift of all, the opportunity to complete your beloved family. My body is like a temple that I respect, therefore I would assure that it would be safe to choose me as your donor.
